ABOUT IEEE COMMUNICATIONS SOCIETY
IEEE Communications Society (ComSoc) is a leading technical and professional community with over 26,000 members worldwide. Founded in 1952, the Society evolved into a diverse group of global industry professionals with a common interest in advancing all communications technologies. IEEE ICC has earned an international reputation. ComSoc members stay on top of the world of communications technology by accessing up-to-the-minute technical information, networking with other experts in the field, and leveraging exclusive benefits.

INTRODUCTION

IEEE ICC is one of two IEEE Communications Society's flagship conferences (ICC and Globecom). Each year, close to 2,000 attendees from over 70 countries attend IEEE ICC to take advantage of a program which consists of exciting keynote sessions, robust technical paper sessions, innovative tutorials and workshops, and engaging industry sessions. This 5-day event is known for bringing together audiences from both industry and academia to learn about the latest research and innovations in communications and networking technology, share ideas and best practices, and collaborate on future projects.

REASONS FOR SPONSORSHIP

As a sponsor of IEEE ICC, your organization's status as a leader in the communications and networking industry will be taken to another level. Your organization will gain maximum exposure to an audience that includes highly regarded executives and decision makers, world renowned researchers and scientists, and a group of young and diverse professionals and students.

Your organization will be featured prominently on all ICC related collateral. You can use this premier event to showcase your brand and share your company's products, services, and vision with an influential engineering audience.

Being a sponsor of IEEE ICC will allow your organization to get first-hand access to the latest research and discussion on relevant topics such as 5G, IoT and big data, AR/VR, smart cities, deep learning and blockchain in communications and networking.
